To whom this may concern,

“It all begins with a relationship”

I think the above says it all when dealing with Ideal Canopy Tent and Structure Ltd. From the first meeting to every interaction we have with Ideal team we feel appreciated and that our business means something. That is not necessarily the case in business these days. When you shake hands with Raj the owner, you know his word is his bond. Over the past number of years we have transferred all of our tenting purchases and repairs to Ideal. Their product quality is excellent, their service and follow up unparalleled.

I am “kind old school” when it comes to business but their values create loyalty, and we are loyal to Ideal.

I would and I have recommended Ideal to many associates in our industry and from what I understand they too are very satisfied with the quality of product and service.
